

# CME INFORMATION

## **AMA PRA CATEGORY 1 CREDIT™**

The Texas Medical Association is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Texas Medical Association designates this live event for a maximum of **38 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## **ETHICS CREDIT**

The Texas Medical Association has designated certain lectures as meeting the requirements for physician ethics and/or professional responsibility. Look for the **E** icon to identify these lectures.

## **DEA SUD**

The Consolidated Appropriations Act of 2023 enacted a new one-time, eight-hour training requirement for all Drug Enforcement Administration (DEA)-registered practitioners on the treatment and management of patients with opioid or other substance use disorders. The presentation marked with DEA SUD is eligible to count towards the training requirement. Participation in this program in no way implies the participant has fully met the federally and state-mandated training requirements. Participants are solely responsible for ensuring any mandated training requirements are completed.

## **REPORTING YOUR CME CREDITS**

This year, TMA is taking care of your TexMed CME credit tracking for you. To ensure you receive accurate credit, please wear your conference badge at all times and scan your badge as you enter each CME session. If you attend multiple sessions in the same room, have your badge re-scanned before each session begins. TMA will record your CME credit by June 6. All credit types will be recorded as part of this scanning (ethics, SUD, etc.).

***See the visual guide on page 37 for more information.***

## **TMLT DISCOUNT**

Texas Medical Liability Trust policyholders may be eligible for a 3% premium discount after completion of two (2) - 1hr risk management CME courses. Look for the identifying TMLT icon next to the individual session descriptions to find which sessions may be counted toward these education hours. As attendees enter the seminar, their barcode will be scanned for reporting purposes. The discount may be applied to the policyholder's next eligible policy period. Policyholders may complete four (4) - 1hr risk management CMEs to be eligible for a maximum of 6% premium discount per policy period.
